

ANGLERS CAN HELP PROTECT OUR MANTA RAYS

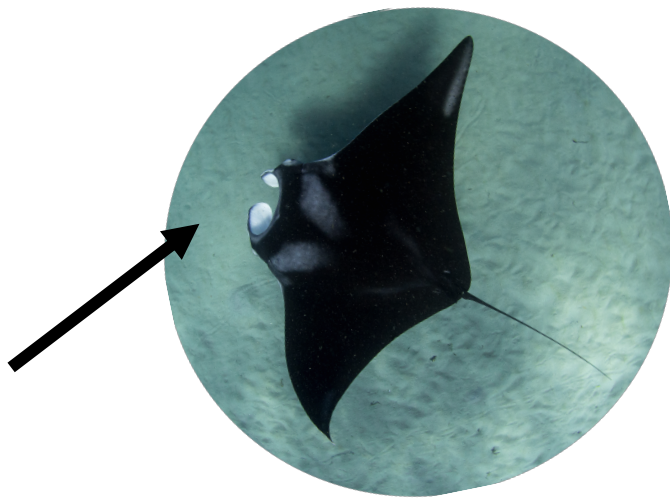

- 1 If you see a Manta, email a photo and your location to florida@marinemegafauna.org
- 2 Fish with non-stainless steel circle hooks
- 3 Reel in lines to let mantas pass
- 4 Do not cast at manta rays

ID a Manta

6+ feet wide

Black

“Horn”-like fins
on head

Manta rays are Endangered and protected in Florida waters.

They can die from entanglement in fishing line.

Together we can help protect them.
